

## So is this what life is all about?

Laying in bed and taking a break  
Asking myself: am I still awake?  
Trying to rest while closing my eyes  
But can't fall asleep, what a surprise

There's still no message on my phone  
Is it normal that I feel so alone?  
I can't keep telling that it's okay  
Because I know it's a lie, anyway

Questions are running through my head  
Why can't I answer if I'm happy or sad?  
I'm fighting with the wrong or right  
Feels like comparing darkness and light

I'm so tired and just wanna sleep  
When the hell did my thoughts get so deep?  
In my head there's still this voice  
It makes me feel I have no choice

I'm breathing in and breathing out  
So is this what life is all about?  
There will never be a reason to stay  
The years will go by, day by day

But suddenly there's a whisper in my ear:  
You can be proud, so why are you hiding in here?  
I open my eyes and repeat I can be proud  
At first I say it softly, then I say it aloud

And somehow I feel kind of free  
Now I know who I want to be!  
It's time to love, it's time to start  
And for the first time I thought with my heart
